DARTH VADER™

STAR WARS

Presenting one of the latest additions to the LEGO® Star Wars™ Helmets Collection

Some of our favourite *Star Wars*™ characters have the most profound, intimidating on-screen presence, despite the fact that you can't see their facial expressions. Or maybe that's exactly why. We hope you'll enjoy recreating all the intricate details that brought the original designs to life, at a scale that's easy to put together, practical to display and beautiful to look at.

"You don't know the power of the dark side!" – Darth Vader

75304 Darth Vader™ Helmet

A dark, towering shadow, Darth Vader emerges from a cloud of blaster smoke in *Star Wars: A New Hope*. This is a terrifying force of evil. His helmet epitomises his transformation from Jedi to the dark side – and his redemption when he lets Luke Skywalker detach it. Years later, it serves as a cherished, albeit gravely damaged, relic for his grandson, Kylo Ren. Is it any wonder it's one of our favourites?

Enjoy building!
