To add something special to Tony Stark's workshop in the tower, we created a battle-damaged version of the Iron Man Mark VI armor – the one used to capture Loki, and the first to include the updated arc reactor.

Pour ajouter une touche spéciale à l'atelier de Tony Stark dans la tour, nous avons créé une version endommagée de l'armure Iron Man Mark VI : celle utilisée pour capturer Loki, et la première à inclure le réacteur ARC perfectionné.

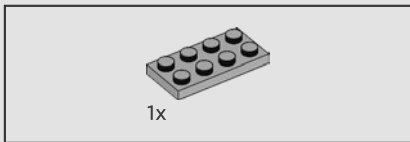

Para darle un toque especial al taller de Tony Stark en la torre, creamos una versión dañada durante el combate de la armadura Mark VI de Iron Man: la que usó para capturar a Loki y la primera en incluir el reactor Arc actualizado.

Wong needs to show Hawkeye that mayo doesn't belong in a hotdog. This is definitely the best use of a sling ring portal we could think of.

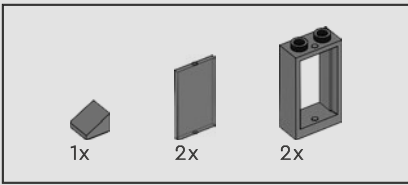

Wong doit montrer à Hawkeye que la mayonnaise n'a pas sa place dans un hot-dog. C'est certainement la meilleure utilisation d'un portail de double anneau que nous ayons pu imaginer.

Wong necesita mostrarle a Hawkeye que no se le pone mayonesa a un hot dog. Este es indudablemente el mejor uso que se nos ocurre para un portal creado con un Anillo de Honda.
