Hold on to your doubloons!

Calling all imperial guards – the pirates are back! This LEGO® Icons set pays tribute to an all-time fan favourite, the 6276 Eldorado Fortress from 1989. The original set brought pirate adventures to life for those looking to set sail on the high seas in pursuit of bounteous treasure. Decades later, the model is still a much-loved collector's item. We can't even imagine all the stories these characters have played out in kids' rooms ever since!

Today, the new Eldorado Fortress is a thriving port with a new governor and a regiment of trusty imperial guards. They're as prepared as ever to protect their tropical paradise from plundering pirates. From the deepest dungeons to the top of the main tower, the fortress is a treasure trove of mysteries and stories to be discovered. Hoist your anchors, set sail and follow your compass to new adventures.

6276 Eldorado Fortress from 1989

The Golden Sovereign

The original set included a pirate comic book called "The Golden Medallion"/ "The Golden Sovereign" (6255), which chronicled the daring adventures of Governor Broadside and his friends and foes. The story took place on an idyllic island where the governor enjoyed a quiet life until a boisterous band of pirates showed up! The comic told the fun-filled story of Broadside's plans to keep the troublesome Captain Red Beard and his cowardly crew at bay.

Then and now

Back in the day, Eldorado Fortress was always a bit of a mystery. What was inside? How did the pirates keep escaping from the clink? What treasures were the Governor's imperial guards watching over? Well, all the secrets of the Eldorado are about to be revealed. Every corner you turn, there's a new story to build. Designed as a modular set, the model opens up so you can peek inside and rearrange the fortress as much as you'd like.

Spot the differences

The model design brings back all the charm of the original set and includes clues to the many stories that have taken place here over the past 30 years. See if you can spot the details that will remind you of the original set and uncover the updated features, functions and minifigures.

The original Eldorado Fortress included two row boats that have been replaced in this set by the more modern ship that came with set 6277 in 1992.

Time to continue the story

'The original model is a great design, and we know many adults who played with the set as kids still feel a tremendous fondness for it. We're extremely excited to invite you back for an action-packed reunion! Over the past few decades, some areas of the fortress have clearly been changed by wear, tear and perhaps occasional encounters with pirates. Other areas have been modernised to suit the needs of modern travellers and to help the governor keep those troublesome pirates at bay. I hope this updated rendition brings back the best memories and creates amazing new ones!'

The original set featured two row boats.
Well, times have changed – even for pirates
– so larger ships can now dock at the pier.
